

## Logging in on Campus

Connect using a network connection plugged to the wall.

Make sure your wireless radio is turned **Off**

Remove the **"Workstation only"** checkbox

Log in using your Network id and password

Connect using a Wireless Connection.

Make sure your wireless radio is turned **On**

Make sure that **"Workstation only"** is checked, and log in as **Staff** with no password.

You should connect automatically to the **STAFF** wireless connection. If not, double click on your wireless connection icon and select **STAFF** in the list. Click **Connect**

Right click on the **RED N** in your system tray and then left click on **Netware Login**. Enter your Network user name and password. Click on **login**
