

Caregiver Resource Network

The **Caregiver Resource Network** is a collaboration of Kent County organizations dedicated to providing for the needs and welfare of family and professional caregivers within the community. The Caregiver Resource Network is facilitated by the Grand Rapids Community College Older Learner Center and Area Agency on Aging of Western Michigan, which administer Title IIIE Older Americans Act National Family Caregiver Support Program. This funding helps to provide:

- Financial assistance for caregiver respite through the use of Caregiver Respite Account certificates,
- Innovative caregiver projects and initiatives that provide for caregiver education, support, resource referral, and wellness.
